About the Essentials©: Medical Edition

The Leader in Interpreter Training and Testing

The University of Arizona's National Center for Interpretation is proud to bring you the first in a series of consecutive, sight, and simultaneous exercises designed to help aspiring medical interpreters enhance their interpreting skills.

These exercises cover a wide range of medical conditions, carefully chosen to illustrate the range of topics an English-Spanish and Spanish-English interpreter is likely to encounter. While the exercises are not exhaustive, the topics covered represent many of the pertinent medical issues confronting the Latino community. Each exercise is also based on authentic medical documents and transcripts.

Together, these materials make a useful and complete practice package for self-study in the consecutive, sight, and simultaneous modes of medical interpretation.

The only equipment necessary to use this edition of ***The ESSENTIALS*** is a CD player with headphones and an additional recording unit. With these, you have everything you need to simulate a language laboratory-type learning experience in a home environment.

What you receive

162-page manual , including:

- Complete scripts for all consecutive and simultaneous exercises
- Printed documents for all sight translation exercises
- Exercise-specific glossaries for each exercise

Digital audio recordings of all consecutive and simultaneous exercises on CD
